Re: In the Matter of Accessibility of User Interfaces, and Video Programming Guides and Menus, MB
Docket No. 12-108, Notice of Proposed Rulemaking (FCC 13-77)

Dear Commissioners:

Watertown TV submits this letter in the above-referenced rule making proceeding (NPRM) in support of the comments filed by the Alliance for Community Media; the Alliance for Communications Democracy; Montgomery County, Maryland; and the National Association of Counties, National Association of Telecommunications Officers and Advisors & U.S. Conference of Mayors.

Viewers cannot determine from our cable operator's video programming guide what our programs are and whether our programs are accessible. Thus, viewers with visual or auditory disabilities cannot make meaningful video program choices.

We urge the Commission to adopt rules that would require video programming guides and menus which display channel and program information include, for all channels, high level channel and program descriptions and titles, as well as a symbol identifying the programs with accessibility options (captioning and video description).

Thank you for the opportunity to submit these comments.

Jill Nadeau
